

Non-Reflective Magnetic Whiteboard IW1064

IW1064 Features:

- Perfect addition to any projector – non reflective surface provides a clear and quality image without any light reflection (flares)
- 3m Width provides ample room for large projector images OR whiteboard annotations OR both
- Magnetic surface allows for adding and using magnets to further enhance the experience of the board
- Wet erase compatible for whiteboard markers
- Suitable for:
 - Classrooms
 - Laboratory Rooms
 - Science Rooms
 - Training Rooms
 - Large boardrooms
 - Open plan office spaces requiring collaboration
