

# Smarter, Safer & More Efficient Exterior Cleaning

## Extend Your Cleaning Power

---

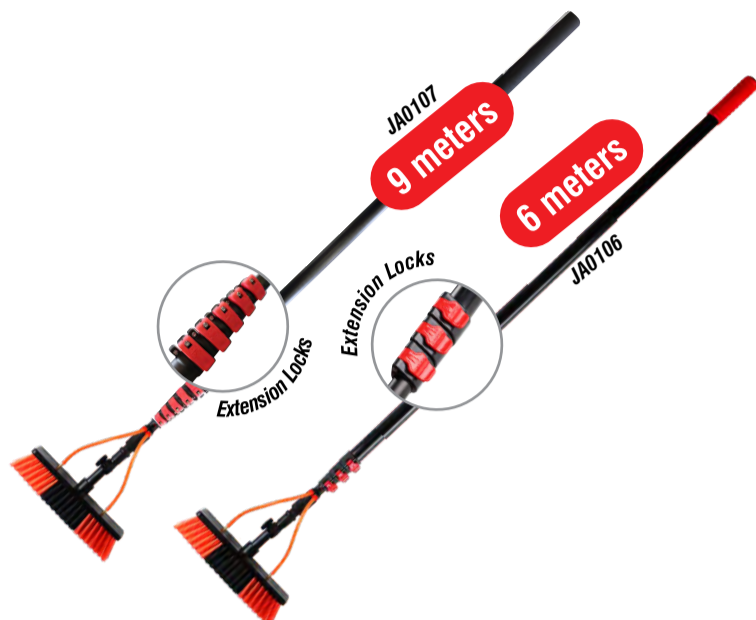

Telescopic waterfed cleaning brushes combined with resin water purification systems offer schools and cleaning contractors a modern, professional solution for maintaining spotless buildings, windows, walkways, canopies, and hard-to-reach surfaces —without ladders, chemicals, or streaks.

# Clean Higher. Work Safer.

## Telescopic Waterfed Poles

JA0106 - 6m Aluminium pole

JA0107 - 9m Carbon Fibre pole

- Telescopic pole with extensions locks
- Angle adaptor allows for use of brush head or squeegee
- Designed for effective cleaning of hard-to reach areas in residential and commercial spaces.
- Multi-functional: Ideal for high windows, walls, roofs and vehicles.
- Compatible with Window clean head (JA0109) & Dust clean head (JA0110) - not included, to be purchased separately

## Resin Water Purifier

JA0113

- 2574L per 5L Resin
- Easy 5 minute setup.
- Standard garden hose hookup / No electricity required.
- Instant Deionized Water for your mobile washing business or at home use.
- No scratches on your vehicle from hand drying with towels or chamois.
- Delivers crystal-clear, mineral-free water ideal for window & solar panel cleaning

## Why Schools & Contractors Choose This System

- Safer Cleaning at Height  
Clean upper-level windows, façades, solar panels, and signage from ground level  
Reduces ladder use, fall risks, and liability exposure  
Ideal for school environments where safety is non-negotiable

- Superior Cleaning Results  
Resin-purified water prevents streaking and spotting  
Delivers a deeper clean on glass, cladding, and painted surfaces  
Leaves surfaces hygienically clean without harsh chemicals

- Faster & More Cost-Effective  
Cleans larger areas in less time with fewer staff  
No need for detergents or scaffolding

- Environmentally Responsible  
Uses pure water only—no chemical runoff  
Supports green cleaning policies and eco-friendly procurement  
Perfect for schools aiming to reduce environmental impact

- Professional Edge for Cleaning Contractors  
Increases productivity and profitability per job  
Enhances service quality and client satisfaction  
Presents a modern, professional, and compliant cleaning solution
